#### Notes:

(1) Casual work: If you were employed on a casual basis and the number of hours you worked per week regularly changed, please provide an official statement from your employer on company letterhead with either:

- The range of the number of hours worked per week (e.g., 24-36 hours per week) or
- A week-by-week breakdown of the total number of hours worked in each e.g.,  
6/01/2025 – 12/01/2025    22 hours

3/01/2025 – 19/01/2025 40 hours

The statement must clarify any weeks in which you did not work. The Department of Home Affairs requires a minimum of 20 hours of paid work per week. Any weeks where you worked less than this requirement must be clearly stated.

- (2) Locum work: Where you were working as a contractor veterinarian or through a locum / recruitment agency, please provide details of each veterinary practice where you undertook a locum assignment, including the exact dates in DD/MM/YYYY format and hours you worked for the practice (see casual work example above). For locum or recruitment agency roles, you should submit appropriate supporting evidence for each specific assignment undertaken, not the details of your entire registration period or any general agreement with the agency.
- (3) Self-employment (i.e., owned your own practice):
  - a. Your business registration certificate
  - b. A letter from your accountant or financial services representative confirming the details of the business including the incorporation date
  - c. A sworn Statutory Declaration by you detailing your role in the business, the duration of the business and the types of veterinary services provided. This document must be prepared, signed and witnessed by an authorised legal officer, for example, a solicitor
  - d. Tele-medicine: AVBC reserves the right to request that you provide the call logs for a defined period of your employment
- (4) Non-clinical work: You must be registered with the appropriate veterinary authority in the country of residence, and you must provide details of the non-clinical work experience and how it directly relates to the work of the veterinary industry, e.g., diagnostic software.
